

Yardley House

Yardley

At Yardley House we provide emergency accommodation, for up to three months, for 15 young single women aged 16-25. The property is based in the Yardley area of Birmingham.

The project is staffed 24 hours a day.

This stable and caring environment will help prepare the young women for independent living.

A housing support worker helps prepare for independent living, together with personal and emotional development.

A resettlement programme is established before move on to independent accommodation and this support can be continued if needed.

The property comprises of 6 self contained bedsits with shared bathrooms. In addition there are 9 rooms with shared bathrooms, kitchens and lounge. Also on site are an IT room and laundry and the new music room. There is disabled access to part of the building.

If you are homeless or working with someone who is about to become homeless, aged 16 to 25, and want to find out what accommodation is available [contact us](#)
