

Supported accommodation

St Basils has 27 Supported Accommodation schemes for young people aged 16-25, and on any one night can house 390 young people. 23 of these schemes are in Birmingham, 1 is in Solihull and 3 are in **North Worcestershire**. We offer a range of accommodation to suit a variety of needs from fully supported to semi-independent, and in some of our projects can house couples and families. Staff work with the residents to prepare them for independence. With the exception of **Trinity Court**, all schemes have staff on site for set hours of the day and an 'on call' telephone service outside of these hours for emergencies. Some schemes including our two **Emergency Accommodation schemes** are staffed 24/7. Residents also have access to all of our other **services and support**.
